PRAYER CONNECTION

LET'S PRAY!

- **Imogene Johnson** - I have bacterial pneumonia. They are planning to get my second cycle of the Blincyto restarted on Tuesday. I covet your prayers that there will not be any unusual side effect. I will be released on Friday from the hospital. Praise God Harold is feeling better.
- **Barb Roberts - Gary** is home from the hospital. Pray he will regain strength.
- **Lisa Eldfrick - Ever** was in the ER with a bad migraine. Please be praying for her and for our Great Physician to heal her. She is home now with medication.
- **Jan and Forney Wells** - My cousin's surgery went very well, pray for quick healing. We have a praise from Debi Romero. Her cousin Rocky's surgery was a success. He still has a month in the hospital for rehab. Pray he has complete healing with no complications. Debi & her husband, Don, ask for prayer as they meet with the Drs. on March 20th. Don has been on trial meds that haven't been helping, he has been diagnosed with Colon Cancer. Also, we have 2 friends that have covid. Laura is at St Anthony's hospital in isolation. Please pray for her stamina and God's wisdom for her Drs. so she can go home soon. Karin, who has diabetes, is very sick at home.
- **Elaine Hedlund** - Got home from the hospital Tuesday night after the car accident she and Keith were in just after church last Sunday. She has a fractured sternum and maybe a whiplash. Keith is all bruised but doing ok. Pray for Elaine's pain management and for her to heal quickly.
- **Donna Dunkle** - prayer for Conner, age 12, who was diagnosed at the end of May 2022 with Osteosarcoma which is an aggressive bone cancer that affected his leg. He and his mom have pretty much lived at a hospital in Orlando for almost a year now. Conner recently had a full body scan, and they found out that the cancer has spread to both lungs. Conner's family has been told there is no cure. Pray that if it's God's will, He will eradicate all of the cancer from Conner's body, heal whatever is going on with the prosthesis, and mend the broken hearts of his family.
- **Barbara Jenkins** - My daughter in law **Debbie** went home from the hospital last week. Her surgery went as planned. She has to have oxygen treatments for a month as part of her healing process. Pray for her continued recovery.

General Health - Joe Boso, Bev Burns, Gary Isaacson, Barbara Jenkins, Terry Reindl, Pat Sprouse, Dale Fester, Chuck and Carolyn Ferdig.
