PRAYER CONNECTION

LET'S PRAY:

- **Lori Lyons -** She had her last radiation treatment. Please pray for God's mercy and grace to continue to carry her through this process and provide all she needs.
- **Melody and Rich Jenny**-Our beautiful great granddaughter, Sadie was born Sunday (10/25) morning and is little but healthy! **Alecia** left the hospital on Tuesday (10/27)- and **Sadie** will be discharged sometime soon. Please pray there are no more problems for either of them.
- **Lauren Danforth** - my Mother -- **Nancy Murray** -- passed away Saturday (10/24) morning. Oh what a glorious joy knowing she is no longer in pain and tangled up in a body that failed her but that she is living more now than she ever has and is walking with the Savior she knew and loved.
- **Sue Morley -** please pray for my Uncle Merle Hofer and our family -- he was diagnosed with Alzheimer's - and is bedridden, is now in a care center. Merle is a Christian and we know he will be with the Lord when he passes.
- **Jim Newell** - As many of you know I am recovering from bladder cancer. My treatments are ongoing as planned. A few weeks ago, while I was in the hospital recovering from a UTI, some additional conditions were discovered that require further diagnostic tests. I expect to have them over the next few weeks. Please pray that these tests would go well and that God would give Kathy and me discernment and wisdom for God's next steps.
- **Heather Pittenger** - My uncle seems to be doing a bit better this morning (10/29). They're talking about discharge. He will need to do a lot of therapy. They still have not located the source of the bleeding. His lab work numbers are still down and we have palliative care on board because he has a lot of issues that he will most likely be re-hospitalized for. Thank you for your continued prayers!
- **Keith and Elaine Hedlund** - My nephew, **Greg**, is still having heart problems. He's had 21 (Afib) attacks since his stroke in May. Each one runs the risk of causing another stroke, so they need to do another heart procedure on Dec. 1st to sever the nerve endings that are causing his heart to misfire and cauterize some nerves in his heart. He has an artificial implant in his heart and they may not be able to work around it and won't be able to tell if they can get around that implant until they are actually inside the heart. Please pray for his salvation and for success in his heart procedure. Also please pray for peace for him and his wife and parents.

Missions of the Week

Tami Snowden with Pioneers

It was a privilege to attend the Christian Alliance for Orphans (CAFO) Conference in Atlanta in September. Over 2,500 people gathered from around the world - all with a heart to serve orphaned and vulnerable children. The theme was LESS: FEWER BRANCHES, BETTER FRUIT. What a challenging yet encouraging theme to examine our lives and ask God to show us what we need to cut that will produce lasting fruit. During the conference, I met with two ministries to discuss providing CCTI's trauma training in Ethiopia and the Congo.

Prayer Requests

- Please pray as I continue to lead our faithful team that God will enable me to lead with integrity and humility.
- I have a lot of training in 2027- in person and online. Please pray as I begin to plan for these.
